For Firstobject Technologies Limited

Dr. Vivek Hebbar

Chairman.

#### Innovate - Transact - Implement

Release

Scrip Code: 532379

Sub: Firstobject Technologies Ltd received an order for implementing e-content in 32 BC Residential Schools in A.P.

Firstobject Technologies Limited, received an order from Mahatma Jyothiba Phule Andhra Pradesh Backward Classes Welfare Residential Educational Institutions Society (MJPAPBCWREIS) to implement Andhra Pradesh State Board's content in its 32 Institutions. As per the work order, Firstobject has to provide Andhra Pradesh State Board's English Medium digital content for classes from Vth standard to Xth standard in their Institutions.

The selection committee consisting of subject matter experts in various subjects thoroughly evaluated the products and finalized Firstobject Technologies Ltd.

The Chief Operating Officer (COO) of the company informed that the products & services of Firstobject's First e-School have been receiving appreciation from the Principals of various schools. The COO of the company further mentioned that the company would expand its presence into other districts and states.

# **Background:**

Firstobject Technologies Ltd., with its quality products and timely & consistent, has made its impeccable presence in e-Education segment. So far, the company's e-Education products have been installed in more than 2500 school boards across the country.

The company believes in utilization of latest technology solutions as useful tools for the teacher community. A proper e-learning product with a proper training to the teachers will help the schools and institutions take advantage of the latest technological trends.

Keeping these aspects into scope, the company developed digital smart class solutions for CBSE, APSB, TSSB and MHSB. The products are developed in both English medium as well as Telugu and Marathi mediums. The products are available from Pre-primary to Class Xth standard.

## The unique features of our products are:

- 1. Complete coverage of the syllabus strictly as per the prescribed text book. This helps the teachers to regularly show the animated content for every lesson/topic they teach.
- 2. The product helps the junior teachers during their preparation and lesson planning.
- 3. For each chapter, concepts, Exercises, Mock tests and Activities are provided. Content developed by experienced and skilled teachers
- 4. All the exercises at the end of each chapter solved for immediate and ready reference to the users. This orients students to improve their presentation skills and ignites them to think on better ways of presenting the knowledge that they have gained.

#### Innovate - Transact - Implement

- 5. Easily understandable voiceover to explain the animated concepts. This helps the students of all categories to listen and understand the concepts.
- 6. Activities such as map pointing, fill in the blanks, diagrams help the average students perform well in the examinations.
- 7. Additional material is provided wherever is required to benefit top performing students.
- 8. Rich, apt and detailed animations help average students in understanding difficult concepts very easily thereby improving their performance levels.

## **Disclaimer**

This Release contains forward-looking statements, including without limitation statements relating to our businesses and our prospects, new products, sales, expenses, cash flows and operating and capital requirements. These forward-looking statements are intended to provide management's current expectations or plans for our future operating and financial performance and are based on assumptions which management believes are reasonable at the time they are made. Forward-looking statements can be identified by the use of words such as "believe," "expect," "plan," "estimate," "project," "target," "anticipate," "intend," "may," "will," "continue" and other words of similar meaning in connection with a discussion of future operating or financial performance. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict; therefore, actual outcomes and results could differ materially from what is expected or forecasted. We caution readers not to place undue reliance on forward-looking statements.
