***Sub: Firstobject Technologies Ltd received an order for implementing e-content in 242 TSB Schools.***

Firstobject Technologies Limited, received an order from Kamareddy District Authorities of Government of Telangana to implement Telangana State Board content in its 242 Institutions. As per the work order, Firstobject has to provide Telangana State Board's both English and Telugu Mediums digital content for classes III- X in its Institutions.

The selection committee consisting of subject matter experts in various subjects thoroughly evaluated the products and finalized Firstobject Technologies Ltd.

The order issued is handed over by the District Tribal Development Officer (DTDO) of Kamareddy district, on 18<sup>th</sup> May 2017.

After receiving the order on 18/05/2017, the Chief Operating Officer (COO) of the company outlined that the products & services of Firstobject's First e-School have been very well acknowledged in the private segment and the company is now focussing on Government segment. The COO of the company further mentioned that the company would expand its presence into other districts and states.

The Managing Director and Compliance Officer of Firstobject Technologies Ltd, receiving the order from DTDO, Kamareddy District.

Firstobject Technologies Ltd., with its quality products and timely & consistent, has made its impeccable presence in e-Education segment. So far, the company's e-Education products have been installed in more than 2500 school boards across the country.

The company believes in utilization of latest technology solutions as useful tools for the teacher community. A proper e-learning product with a proper training to the teachers will help the schools and institutions take advantage of the latest technological trends.

Keeping these aspects into scope, the company developed digital smart class solutions for CBSE, APSB, TSSB and MHSB. The products are developed in both English medium as well as Telugu and Marathi mediums. The products are available from Pre-primary to Class X.

**The unique features of our products are:**

1. Complete coverage of the syllabus strictly as per the prescribed text book. This helps the teachers to regularly show the animated content for every lesson/topic they teach.
2. The product helps the junior teachers during their preparation and lesson planning.
3. For each chapter, concepts, Exercises, Mock tests and Activities are provided. Content developed by experienced and skilled teachers
4. All the exercises at the end of each chapter solved for immediate and ready reference to the users. This orients students to improve their presentation skills and ignites them to think on better ways of presenting the knowledge that they have gained.

5. Easily understandable voiceover to explain the animated concepts. This helps the students of all categories to listen and understand the concepts.
6. Activities such as map pointing, fill in the blanks, diagrams help the average students perform well in the examinations.
7. Additional material is provided wherever is required to benefit top performing students.
8. Rich, apt and detailed animations help average students in understanding difficult concepts very easily there by improving their performance levels.
